PROFILE

Interior Designer with **40+ built pharmacy projects** completed as the sole designer of a multi-site business, and experience across healthcare, residential, workplace, luxury hospitality and live construction. Raised in Singapore, with a multicultural outlook and native professional English.

EXPERIENCE

MaxiDrug Pharmacy
PHILIPPINES · 2022–2025

Interior Design & Construction Manager

- Delivered 40+ built pharmacy projects and related healthcare interiors, leading site surveys, space planning, technical documentation, custom fixtures, 3D visualisation and design coordination through implementation.
- Developed a repeatable pharmacy interior system covering counters, medication shelving, gondolas, cabinetry, materials, finishes and product zoning, adapted across varied commercial sites.
- Produced AutoCAD packages including as-builts, partition/furniture plans, RCP/lighting, power/switching layouts, millwork details and schedules; coordinated requirements with contractors, suppliers and technical specialists.

HBA | Hirsch Bedner Associates
MANILA · MAR–MAY 2026

Interior Design Intern — FF&E

- Supported confidential luxury hospitality projects in Southeast Asia through FF&E research/specification, furniture and material selection, sample verification and professional material-board production.
- Coordinated product information, alternatives and quotation requirements with local and international suppliers while maintaining project specifications and documentation.

T1 Project Services
MANILA · JUN–AUG 2026

Interior Design | Construction & Project Management Intern

- Supported a live hospitality/F&B project at Greenbelt, Makati through site monitoring, progress verification, contractor/supplier coordination, project documentation and drawing-versus-site review.
- Updated construction progress trackers and prepared formal incident documentation; developed and presented a three-level Irish Pub design proposal from measured site conditions.

SELECTED PROJECTS & ACHIEVEMENTS

- MAXIMD MEDICAL & DIAGNOSTIC CLINIC + PHARMACY — BUILT HEALTHCARE PROJECT
- HEALTHCARE DESIGN THESIS — DIAGNOSTIC LABORATORY & CLINIC
- INDEPENDENT WORKPLACE COMMISSION — QUEZON CITY
